

Habitat for Humanity of Archuleta County boasts just two full time staff members. That means we rely a lot on local volunteers to complete our mission!

To get involved, reach out to staff to let us know what you're interested in helping out with. director@habitatarchuleta.org (970) 264-6960

- Host office hours 12-3 Monday through Friday
 - Spend time in the office and be the face the community sees when they drop by the office, call or email for general information
- Construction
 - No experience necessary: job site staff and core volunteers will guide you on a task you're comfortable with—from finish painting, to framing.
- Repairs
 - Have a crew of handy-man types in your circle of friends? We're ready to build up our repair program again.
- Event coordination
 - We host several volunteer appreciation potlucks throughout the year
- Family Services
 - We're looking for a local Financial Peace University instructor to help guide our applicants to mortgage qualifying!

If you're not sure where to start, sign up to receive our mail chimp updates. We're pretty active throughout the build season late spring to late fall, but you won't hear from us much during winter months.
